## **closed mouth**

- Closed mouth, not smiling or blooming
- fleshier and softer than other types of dried figs
- available in small size(18 to 21 mm),medium (21 to 23 mm) and large sizes(23 mm to up)
- available in cream, yellow and light brown colors
- It has a reasonable price

## **Slightly open mouth**

- Slightly open mouth, not fully blossomed
- Sweetest and fleshiest types of dried figs
- It is the best seller
- available in small sizes (18 to 21 mm), medium size (21 to 23 mm) and large size (23 mm to up)
- available in creamy, yellow and light brown colors
- It has a reasonable price

## Open mouth

- quite smiling and the inside of dried fig is obvious
- the size of this type is 20 to 23 mm
- available in cream, yellow and light brown colors
- very popular because of its beautiful shape and smiling appearance
- The price of this dried fig is higher than the closed mouth dried fig

## Parak

- completely open mouth, it is fully bloomed
- the most beautiful, nutritious and luxurious dried figs
- usually over 23mm in size
- This dried fig has a higher price than other dried figs due to its limited production
